## Remote Learning: Home-school agreement

---

At Hannah Ball we are taking a multi-disciplinary approach to the delivery of our online learning.

For any vulnerable pupils or children of critical workers who are coming into school, either full-time or part-time, we will do our best to:

- Provide an environment that is regularly risk assessed for the safety of pupils and staff
- Adhere to the social distancing guidelines as set out by the government, as much as we reasonably can
- Support your child's wellbeing, such as by giving them someone to talk to if they feel anxious or overwhelmed
- Contact you if your child displays symptoms of COVID-19, so they can be taken home and can self-isolate
- Inform you if a staff member or child in your child's 'bubble' shows symptoms of COVID-19, and help the NHS test and trace system to get in touch with you if the staff member/child tests positive and the rest of the 'bubble' needs to self-isolate (please note that we will not be able to share any personal details of the person who tested positive)
- Follow and encourage robust hygiene and protective measures, including frequent cleaning and hand washing
- Provide meals as usual during the school day, including free school meals for eligible pupils
- Communicate between home and school through letters, newsletters, text, email and the school website

### **For pupils who are accessing learning from home, we will do our best to:**

- Provide remote learning that supports your child to progress through the school's curriculum
- Make alternative arrangements if your child can't access online learning
- Support your child's wellbeing by making sure they have regular contact with their teacher(s)
- Provide free school meals to eligible pupils through packages collected or delivered from school where families are unable to collect from school.

- Keep in touch about developments in school through notices, newsletters, text, email and the school website

## **Parents/carers with children coming into school**

If my child is coming into school, either full-time or part-time, I understand and agree that:

During partial closure, my child is only coming into school because

- They are classed as 'vulnerable'
- I am a critical worker, or my child's other parent/carer is a critical worker, and my child can't stay at home (as a critical worker, I understand I should keep my child at home if I can, according to the government)
- I need to monitor if my child or anyone in our household has symptoms of COVID-19 (e.g. a high temperature; a new, continuous cough; or a loss or change to their sense of smell/taste)
- If my child or anyone in our household shows symptoms of COVID-19, I will not send them to school and we will self-isolate for the appropriate length of time set out by the government
- If my child shows symptoms of COVID-19 in school, I will collect my child as soon as possible
- If my child shows symptoms of COVID-19, I will have them take a test and, if they test positive, inform the school and work with the NHS test and trace system to identify anyone who's recently been in close contact with my child (I understand that the school will not share the personal details of anyone who tests positive with others)
- When dropping off and picking up my child: I will stick to the timings for my child, use the designated entrance, adhere to the social distancing rules set out by the government and leave school immediately after
- I will not enter the school building without a prearranged appointment
- I will remind my child about good hygiene practices such as: regularly washing their hands thoroughly; avoiding touching their eyes, nose or mouth; and coughing or sneezing into their elbow or a tissue, and disposing immediately of any used tissues
- I will support the school's procedures for a safe environment

## **Parents/carers with children accessing remote learning from home**

If my child is learning from home, I understand and agree that:

- I will do my best to support my child to access live lessons, complete any remote learning work set for them, and I will get in touch with the school if this won't be possible for any reason

- I will make the school aware if my child is sick or otherwise unable to access live lessons or can't complete work
  - I will seek help or support from the school if my child needs it (Contact School Office via e-mail or telephone)
  - Live lessons are designed to be between teachers and pupils – and I will wait for a suitable time if I have a question to ask, to avoid interrupting teaching
  - I will respect the privacy of my child's teachers by not recording lessons or sharing them on social media
  - I will be respectful if raising concerns or making a complaint and follow the school's complaints procedure (found on the school website)
  - I may be contacted by the school if my child doesn't complete the work set for them
- 

## **Pupils**

**If I'm coming into school, either full-time or part-time, I will do my best to:**

- Follow good hygiene practices, including: washing my hands well and often; not touching my eyes, nose or mouth; coughing or sneezing into my elbow or a tissue, and throwing any used tissues in the bin straight away
- Follow the school's behaviour rules as normal

**If I'm learning from home, I will do my best to:**

- Log onto Google Classroom on time
- Do any work set by my teachers when they ask me to
- Ask my teacher for help if I need it
- Let my teachers know if I'm not able to complete my work
- Follow my school's behaviour rules during remote lessons
